

Quest Cardholders

Important Information

On September 1, 2005 you will no longer be able to use a public payphone to call the Quest Card customer service line. Calls from all other phones will not be blocked and will remain toll-free.

Know your food stamp balance before you go shopping. Please save your receipts, or use a regular phone or cell-phone to get your balance. You can also ask a grocery store clerk, or view your Quest Card account balances online at www.akquest.alaska.gov.

Lifeline and Linkup - For Discounted Phone Service

As a Division of Public Assistance benefit recipient, your household income qualifies you for a reduced rate for local telephone service. If you are interested in a monthly discount on your telephone bills, or a discount on telephone service installation, call your phone company and ask about Lifeline and Linkup telephone service.

View your Alaska Quest Card account activity, download an account statement, or change your PIN at:
