Benefits Planning and Self Employment

STARTUp-Alaska Training

Molly Sullivan, Griffin-Hammis Associates, will team up with Jennifer Jones, Alaska Works Initiative, to facilitate a 2-day in-depth training on:

- how to plan for the affect of self-employment income on benefits, and
- how to incorporate and utilize work incentives during business planning and start-up

This intermediate level benefits planning training will give the details of benefit program rules, financial planning, and work incentive implementation. We recommend having a basic knowledge of benefit program rules to get the most out of this workshop. Please RSVP if you plan to attend. All sessions begin at 9:00 a.m.
