# Session III: Customizing Self Employment; Business Concept Development Continuation

## STARTUp-Alaska Webinar

1-2:30 p.m. AK time, December 10th, 2007

### Session III: Business Concept Development Continuation

This session will complete the information leading from "who" the Potential Business Owner, PBO, is and will help relate it to the potential ways to have a business. It will connect the contributions and tasks the PBO offers to business concepts. The session will continue last session's activity to complete the discovery meeting and then outlining concepts that are compatible with the BPO and their contributions. A discussion will be held on the community assistance needed to assist in the development of this type of business. Time will be available for questions, answers, and discussion with the group on the discovery meeting and business concept planning session.

### Presenter: Norciva Shumpert, Employment for All

Ms. Shumpert works with organizations, families, and agencies on customized employment, transition, self-employment, community life opportunities, system reorganization, and self directed services. She has worked on federal, state and local initiatives to blend/braid resources, implement customized employment, and increase self determination.
